## **Workshop-2: Hand Sanitization Awareness Junkeri Program**

Make a Difference Nepal has successfully completed 1<sup>st</sup> workshop of Junkeri Program. The program was organized on 26th of September, 2021. The program was successfully completed with only 20 participants because of the covid-19 situation. The 1st month Junkeri Program was delivered on the topic of Hand Sanitization. The presentation also covered the topics

*Mr. Krishna Thapa teaching students the importance of Hand Washing*

related to Covid-19, how does it transmits and how to prevent spread of Covid- 19 pandemic and promote hand hygiene in school premises. Make a Difference Nepal had prepared a pre-survey questionnaire form and post-survey questionnaire form in order to evaluate the knowledge students had before the program and what they learned after attending the program. Mr. Saurav Kunwar and Mr. Sreeshant Karki volunteered and helped for the completion of program

successfully. MDN team reached Shree Setidevi Aadharbhut Vidyalaya at and setup for the program. Mr. Krishna Thapa

commence 1st workshop Junkeri program by an introduction speech to all the participants about Junkeri Program and specifically 1<sup>st</sup> workshop of Junkeri Program H a n d Sanitization program. After a opening introduction to all the participants by Mr. Krishna Thapa, Make a Difference Nepal team

then distributed the pre-survey form to all the students. MDN team then explained the pre-survey form to make it easy for students to understand the questions.

MDN team recollected the pre-survey form. After that, Mr. Pramod Basnet delivered an presentation on “Importance of hand sanitization during CoVid Crisis”. The areas covered in the presentation were on introduction of hand sanitization, how does the germs transmits and when and when and how to wash your

hands, uses of hand washing, hand sanitizers and benefits of using it.

After successfully delivering the presentation by Mr. Pramod Basnet on “Importance of hand sanitization during CoVid Crisis”, MDN team distributed the post-survey form to all the participants of the program. Participants after attending the presentation presented by Mr. Pramod Basnet, students gained a detailed knowledge regarding “Importance of hand sanitization during CoVid Crisis” which could be analyzed in the “True or False” and “Multiple Choice Questions (MCQ)” answers which vastly varied from the pre-survey answers. After completion of fill up of post - survey form, Mr. Krishna Thapa concluded the session with a concluding speech.
